
Baja Adventure

The Ultimate Off-Road Adventure

| 2011/12

Welcome to your Baja experience...

We offer levels of personal service often aspired to, but rarely achieved. A totally bespoke approach to every experience, delivering the very highest standards of satisfaction. A limited number of experiences each year to ensure absolute attention to detail.

Baja California, actually a peninsula that forms the 12th largest state of Mexico, is a spectacular collision of colour and terrain that could be God's own playground. The arid plains of the Vizcaino and Sonoran deserts, in the south and east respectively, meld into volcano fields and the peaks of the Sierra de Baja California mountain range, before dropping into a rugged coastline and beautiful beaches at the edge of the Pacific ocean. It's into this spectacular landscape we venture at the wheel of state-of-the-art dune buggies for the raid-meets-rally experience of a lifetime.

We have created an exclusive adventure of a lifetime in Cabo San Lucas. Guests will arrive into Los Cabos Airport for a five-day adventure of off road driving, surfing and fishing. It's your chance to get behind the wheel of an authentic off-road race car that has proven it's performance in the Baja 1000, as well as having logged over a million miles touring the Baja Peninsula. This will be the perfect time for an escape to get your mind straight, fine-tune your car control skills, play a round of premium golf and enjoy fishing for blue marlin in the pristine waters off Cabo San Lucas.

You Drive – We Guide!

Spend two separate days driving the Baja Challenge race cars on the diverse terrain of the Southern Baja Peninsula. This experience will allow you to sample sand washes, cactus forests, mountains, sandy beaches, ranchos and tight winding trails – all easily handled by you in the Baja Challenge Car. In a few short hours, you will gain the comfortable feel and balance of the buggies as you glide across Baja's challenging terrain.

Baja Challenge Race Car

The Tecate SCORE Baja 1000, arguably the most challenging off-road race on the planet, is also our Baja Race Car's primary playground and test track. Since 2000 our car partners have built and prepared more than 121 vehicles to run this defining race and have continuously survived the brutal conditions and attrition rate to post one of the most successful records for any off-road vehicle.

Features Include:

Custom-Made Chromalloy Chassis

Subaru EJ-25 5 Cylinder "Boxer" Engine

4 Speed Weddle Manual Transmissions

Double A-Arm Front and Rear Suspension

Day 1

Arrive Cabo San Lucas mid-day. Personalized transportation to Cabo's premier villa resort Palmilla One & Only. Each luxurious villa is 4 bedrooms, 4-5 baths with ocean views, private swimming pool. Included are 2 gold carts per villa for cruising the resort properly. After settling into the villas we will have a brief driving and safety orientation. You will then be able to adjourn for cocktails and dinner at the Baja Brewing Company and retire to the villas at your leisure.

But don't forget to look around – the unspoiled beauty of Baja awaits your discovery. It's a spectacular combination you'll never forget and certainly will want to come back for more.

Day 2

Following a prepared breakfast at the villas we will whisk you to Rancho Margarita for a brief vehicle orientation and a few laps on the off-road course to get acquainted with the cars and learn the feel of the car on the trails. Depart the rancho for a day of off-road driving to the Santiago Waterfalls. You will explore the trails of this unique dry jungle area and arrive at the falls for a safari-style lunch. We will return via the trail to the Baja Cantina for a special dinner and cocktails on the beach. Overnight at the villas.

Day 3

Today we go from driving a race car to driving a gold ball. Cabo San Lucas is a golf haven and today you will drive your golf cart from your villa to Palmilla's Jack Nicklaus designed course. This course is consistently ranked among the top 100 courses in the world and will challenge everyone's skills and handicap. Lunch will be at the spectacular 96 Beach Club. Cocktails, gourmet dinner and overnight at the villas.

Day 4

Following a hearty breakfast we depart the villas for another day of off-road driving. Today we travel off-road trails with unbelievable views of the Pacific to Todo Santos where we will stop for lunch at the Hotel California made famous in the hit song by the Eagles. After lunch we drive off-road trails back to Rancho Margarita where we will leave the buggies and return to the villas. Dinner is a four-course meal at Palmilla's Agua Restaurant prepared exclusively for you.

Day 5

Today we switch from behind the wheel to behind the reel. The waters surrounding Cabo San Lucas are home to over 800 species of fish and are noted for trophy Blue Marlin. We will be hosted on all-inclusive private charters with top flight crews. Each boat takes a maximum of 4 fishermen on board giving everyone a great opportunity to get one of these big babies on the line.

Our final evening will feature cocktails and a seafood feast prepared by one of Cabo's finest chef's in the privacy of our villas. Stories will be shared and some outrageous awards presented to help commemorate your adventure.

Day 6

Depart villas for Los Cabo's International Airport. Hasta la vista en Cabo Amigos!

Let us take
you there...
